Education

M.Sc. in Computer Science, ETH Zürich Sep 2025 – Present

- Major: Secure and Reliable Systems
- Courses: Concepts of OOP, Big Data, Computer Vision

B.Sc. in Mathematics, National and Kapodistrian University of Athens Sep 2021 – Jul 2025

- GPA: 9.46/10 (“Distinction”)
- Concentration: Applied Mathematics

Apolytirio Genikoy Lykeioly, 1st Senior High School of Corfu Sep 2018 – Jun 2021

- Graduation Grade: 20/20 (“Distinction”)
- National University Entrance Examination: 19.460/20.000 (top 0.01% nationwide)

Work Experience

Software Engineering Intern, Blueground Jan 2025 – Jul 2025

- Took ownership of 2 successful partner API integrations (Hostfully, Mews) designing the architecture, documenting REST APIs, error handling, logging, testing, monitoring and leading certification calls
- Developed, documented REST APIs and tested 3 partner API integrations (Avantio, Cloudbeds, Beds24)
- Contributed to decomposing a legacy PHP monolithic application into microservices architecture
- Tools: Git, CI/CD pipelines (Github Actions), Docker, NoSQL DBs (MongoDB, Redis), Node.js, TypeScript, Fastify, Jest, Apache Kafka, RabbitMQ, BullMQ, Cloud Technologies (AWS), Datadog

Data Scientist Apprenticeship, SphearsAI Jan 2023 – Dec 2023

- Developed application for retail companies to forecast future traffic (Customer Loyalty program, tracking of transaction logistics, KPI analysis ...)
- Rshiny app for dynamic filtering and visualizations
